

# World Club Tournament Equestrian Park Lamotte Beuvron 26-28 July 2017

FFE/PSV

FEDERATION FRANÇAISE  
D'EQUITATION

The **Generali World Club Tournament** is a friendly international competition for every riding school all over the world. The aim of this event is to offer to first level competition riders (1meter fences), beyond sport and enjoyment, an unique opportunity of exchange. This famous meeting takes place every summer during the **Generali Open of France** at the Parc Equestre Federal in Lamotte Beuvron , France.

### *Principle*

Each team of 4 riders represents riding school from several countries and compete in **two show jumping rounds and a final**. A team ranking is made after each round.

### *The aim*

The purpose of this tournament is, first, to create a friendly event in which all members will meet riders from another place of the world and share their riding experiences.

Then, it offers to young competition riders the chance to taste the atmosphere of an international competition with a nation parade and national anthems.

And it also enables team managers from other countries to discover the important improvement of riding schools in France and the way to increase equestrian practices in their countries.
